

REMARKS

In the above referenced Office Action, the Examiner divided the claims into the following groups:

- I. Claims 12-28, drawn to a microfeature device;
- II. Claims 29-39, drawn to a method for forming a microfeature device package; and
- III. Claims 1-11 and 40-45, drawn to a microfeature device package system.

In response, the applicants elect Group III, claims 1-11 and 40-45, without traverse. Non-elected claims 12-39 have been canceled without prejudice to pursuing these claims in a continuation, divisional, continuation-in-part or other application. The foregoing election is made with the understanding that the Examiner and the U.S. Patent and Trademark Office are now bound to the finding of non-obviousness between each of the groups.

No fees are believed due with this communication. However, the Commissioner is hereby authorized and requested to charge any deficiency in fees herein to Deposit Account No. 50-0665.

Respectfully submitted,
